

Cambridge Dial-a-Ride is expanding its services to East Cambridgeshire Village Residents

Cambridge Dial-a-Ride, a Not-for-Profit entity which provides an essential minibus service transporting people with mobility issues in the Cambridgeshire area, is delighted to announce that it is expanding its membership services to the villages of Quy, Lode, Bottisham and Long Meadow in East Cambridgeshire.

Kindly supported by a grant from East Cambridgeshire District Council, Cambridge Dial-a-Ride will now be able to take on new members (both individuals and groups) who can use its minibus services to take them on visits to health appointments, shopping trips and visits to family and friends around Cambridge. Additionally, they will be able to book on recreational trips out such as to Garden Centres as well as to the Suffolk/Norfolk Coasts which Cambridge Dial-a-Ride organises in the summer months.

Now servicing the villages of Quy, Lode, Bottisham and Long Meadow the Charity can transport members from their doorsteps to their chosen destination using their special fleet of minibuses. All Cambridge Dial-a-Ride buses are fitted with electronic lifts and safety belts for wheelchair, mobility scooters and walking frame users or those unable to use the entrance steps. Members can also bring along a carer too for an additional fare if they need to.

If you or someone you care for or help support would be interested in joining or finding more about our services, please give one of the team a call on **01223 506335** where they will be happy to discuss your transport needs and explain our membership scheme and fare pricing structure. Concessionary prices are offered to all members who hold a current Concessionary Bus Pass issued by the Council.

New members will also be able to take advantage of our Saturday trips out to the seaside, local garden centres and other places of interest which will be advertised on our website.

Cambridge Dial-a-Ride is a non-profit organisation providing local transport services that are safe, affordable and accessible to individuals and community groups who have difficulty in accessing public transport. We very much look forward to hearing from you.
