

East Cambridgeshire
District Council

Corporate Plan

2023 to 2027

Sound financial management

Priorities	Actions
Ensure the Council is financially sustainable	Prepare and deliver a balanced budget each year including a sound medium-term financial strategy
Minimise the financial (cost) impact of the Council on its residents	Only raise Council Tax as a last resort
Be more commercial, but within reason - 'commercial for community'	East Cambs Trading Company and East Cambs Street Scene will deliver their Business Plans to support the Council's Medium Term Financial Strategy

Cleaner, greener East Cambridgeshire

Priorities	Actions
Improve the public realm	Develop a programme of improvements in our city and town centres, including replacement street furniture
Reduce environmental crime across the district	Develop a targeted Environment Crime Action Plan and secure prosecutions
Enhance the natural environment and build on our sustainability goals	Work with stakeholders and external organisations to further our sustainability goals and implement our Environment Plan
Design a resilient waste and street cleansing service fit for the future	Implement the requirements of the Environment Act 2021 and deliver the 'Street Smart' project

Sustainable communities

Priorities	Actions
Support our residents to live happy and healthy lives	Deliver an excellent Housing and Community Advice service, work with partners to protect more people in their homes and deliver an integrated Health and Wellbeing Strategy
Support our businesses to thrive in East Cambridgeshire	Work with the Combined Authority to deliver business and skills strategies in East Cambridgeshire and respond to opportunities for inward investment
Improve our roads and local transport	Work with partners to provide for better infrastructure for all modes of travel across the district and the region
Deliver genuinely affordable housing that enables people to live and work locally	Continue to support existing Community Land Trusts across the district and work with communities to establish new ones and work with partners to deliver other affordable initiatives
Invest in community infrastructure	Support the delivery of new and/or improved community infrastructure
